

Purpose of EOI

Assam Bio Ethanol Private Limited (ABEPL) intends to invite Expression of Interest (EOI) from interested Domestic buyers of various types of **Wooden Scraps / Wooden Packing Materials on "AS AND WHERE BASIS"** which is being available at the bio ethanol plant being developed by ABEPL at Numaligarh, Assam.

About Assam Bio Ethanol Private Limited (ABEPL)

Assam Bio Ethanol Private Limited (ABEPL or Company), is a Joint Venture (JV) Company between Numaligarh Refinery Limited (NRL), Chempolis OY, Finland and Fortum 3 B.V. Netherlands. The Company proposes to produce eco-friendly bioethanol, acetic acid and furfural/furfuryl alcohol from bamboo biomass. The project targets at larger production of sustainable biofuels in India to reduce India's dependence on imported petroleum. The biorefinery will be based on Chempolis' 2nd generation bio-refining technology, which enables selective fractionation of biomass and co-production of multiple products in a sustainable way.

In 2008, Government of India announced its national policy on Biofuels mandating a phase wise implementation of the program of ethanol blending in petrol in various states to the tune of 5%. However, due to shortage of ethanol, the program hadn't had much success. Learning from the past experiences, demand & supply status, government has revamped the program and has come out with National Policy on Biofuels – 2018, wherein an indicative target of 20% ethanol blending in Petrol is proposed by 2025. Moreover, the government is encouraging production of ethanol derived from multiple feedstocks, second generation ethanol technologies and its commercialization.
